

11th - 14th June 2018 | Caparica | Portugal

ULTRASONICS 2018

III International conference on ultrasonic-based applications: from analysis to synthesis

Conference Topics

Ultrasound in Analytical Chemistry and Food Chemistry

Ultrasound in Organic and Inorganic Synthesis

Ultrasound in Synthesis of New Materials: Studies and Applications

Ultrasound in Biomedicine and Biochemical Applications

Ultrasound and Physics and Physics Applications

Ultrasound and Environmental Applications

Ultrasound and Engineering

Plenary Speakers

Kullervo Hynynen - University of Toronto (Canada)

Jun-Jie Zhu - Nanjing University (China)

Aharon Gedanken - Bar-Ilan University (Israel)

Gail ter Haar - Institute of Cancer Research (UK)

Contacts

Carlos Lodeiro
cle@fct.unl.pt

José Luís Capelo
